

Electrical Part for Forklifts

Forklift Electrical Part - Lift trucks and various lift trucks could have specific labels for use in certain hazardous locations. The label denotes that this specific model of lift truck meets the minimum standards of ANSI/UL 553 meant for electric forklifts or ANSI/UL 558 for internal combustion engine forklifts.

Applications for labeled forklifts could be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Type Designations, Areas of Use, and Maintenance and Operation. Check with your local insurance provider and Fire Marshall for further info about the permitted uses of industrial powered lift trucks in your application.

If the lift truck has been proven to meet the outlined standards, the following labels can be placed. A labeled truck would have the type designation located on the forklift nameplate and would have one of the following labels attached.
